

COIL & SHEET

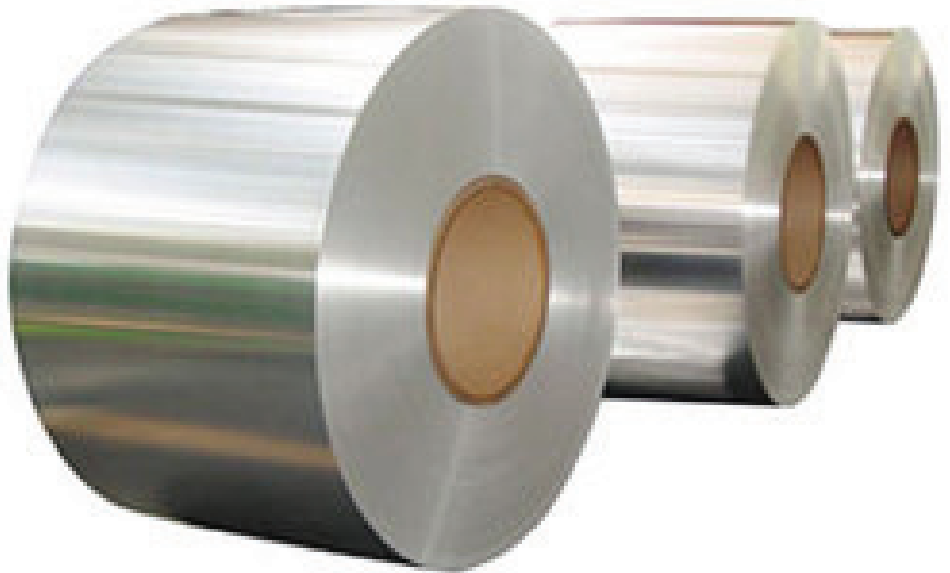

aluminium sheeting

Product Information

Introduction

Our aluminium coils and sheets are made with high quality aluminium and produced with an exceptional pre-painted surface. The aluminium has a superb resistance to both weather erosion and the sun. These qualities make our aluminium products the first choice for even the most rigorous sign making and display applications.

With hundreds of uses from motorway signage to 3D standoff lettering, our aluminium will always meet your needs, professionally, on time and on budget.

Applications:

- 3D built up lettering
- Sign making
- POS displays
- Retail design
- Industrial design
- Transport applications

Why use aluminium coil & sheet?

- High UV resistance
- Incredibly flat, smooth finish
- Suitable for digital/screen printing, vinyl application and painting
- High quality, fully certified product
