

# ALUPANEL LITE<sup>®</sup>

aluminium composite panel

An economical, dual-sided, reduced weight sheet designed for flat applications where a high load-bearing capacity is not required.

## Why use ALUPANEL LITE?

Lightweight yet rigid

Uniform, flat surface

UV Resistant for outdoor use

Five Year Guarantee

## Applications

Printing direct

Sign making

Wayfinding

POS Displays

Shop-fitting

Outdoor advertising

Exhibition design

# ALUPANELLITE®

aluminium composite panel

Alupanel Lite is a reduced weight sheet derived from a 0.2mm thick aluminium surface on both sides, featuring our superior polyethylene core.

Alupanel Lite is a dual-sided product with a high gloss finish on one side - the same PE paint finish as used on the premium Alupanel sheet - and a matt finish on the reverse.

Specifically designed for applications where a high load-bearing capacity is not required, Alupanel Lite offers a reduced weight, economical option for a variety of applications.

## Property

Panel Thickness (mm)	2	3	4
Skin Thickness (mm)	0.2	0.2	0.2
Weight (kg/m <sup>2</sup> )	2.59	3.5	4.37
