EUROFOAM®
freefoam PVC sheets

MADE IN BRITAIN
BY MULTIPANELUK

Designed for printing and other flat applications, EuroFoam panels offer outstanding reliability and performance creating excellent results time after time.

Their physical qualities also make them ideal for intricate die cutting and routering.

A self-extinguishing material that complies with international fire test standards, EuroFoam's rigidity, fine cell structure and smooth surface makes it the preferred choice for professional printers, sign makers and exhibition contractors throughout the world.
