

MULTISHIELD

galvanised steel composite sheets

A double-sided composite panel offering greater strength and rigidity, Multishield's galvanised steel sheets have two different coatings and the added benefit of being receptive to magnetic media.

Why use MultiShield?

-  Strong & Durable Galvanised Steel
-  Magnetically receptive surface
-  Self-supporting
-  Distinct coating on either side
-  Five Year Guarantee for indoor and outdoor use

Applications

White boards

Printing direct

Sign making

POS Displays

Transport

Hoarding

Industrial production

MULTISHIELD

galvanised steel composite sheets

SUPERB FOR HOARDING, WHITEBOARDS & PRINTING

Both sides of the panel have a flat, smooth, uniform surface, one side with a digital coating to help produce vibrant, colour-fast prints and the other side with a whiteboard coating.

Ideal for hoardings, whiteboards, printing and many other applications, the galvanised steel provides additional strength plus the versatility of a magnetically receptive surface.

Multishield panels can be fabricated, are strong, self-supporting and offer outstanding reliability with the backing of a 5 year guarantee.

Property

Colour	White		
Panel Thickness	3mm	4mm	6mm
Skin Thickness (mm)	0.25		
Weight (kg/m ²)	6.35	7.36	9.37
Skin	Galvanised Steel with digital & whiteboard coatings		
Core composition	LDPE		
Sheet sizes (mm)	1220 x 2440, 1220 x 3050		

1 Adhesive Layer

2 Paint Finish

3 PE Core

4 Galvanised Steel Skin

5 Protective Film
